Introduction

The Jeanne Clery Disclosure of Campus Security Policy and Campus Crime Statistics Act ("Clery Act") requires education institutions to provide all students and employees with the security policies of the institution and the statistics of crime occurrences. These security regulations are designed to promote the safety of all individuals at the Leon's Beauty School, and all members of the campus community and guests are expected to conduct themselves in a manner that respects the rights of all individuals within the community.

Observance of the Leon's Beauty School policies, as well as federal, state, and local laws is required to fulfill the purposes of the educational institution. The school reserves the right to prosecute any individual to full extent of the law for any criminal violation committed on the school premises.

I. Campus Security Procedures

For additional information on institution policies and procedures, consult the school Catalog. Policies and procedures listed are subject to change at any time without prior notice.

A. Reporting a Crime or Emergency

Any person in immediate danger due to crime or emergency should contact local police immediately by dialing 911. When the emergency has subsided, the victim should also report the crime as soon as possible to the Director of Education of the location where the incident occurred. For non-emergency situations, any person who is a victim, witness or has knowledge of any criminal activity or other emergency on campus should report it immediately to the Director of Education where the incident occurred or, during the evening hours, to security personnel or other management.

Persons reporting crimes will be asked to complete incident report or witness report forms, including the date, time, place, and nature of the incident, names of witnesses, if any, and any other pertinent facts. The report should be co-signed by the Director of Education immediately.

All reports will be investigated. The institution does not have procedures for voluntary, confidential reporting of crime statistics. Violations of the law will be referred to law enforcement agencies. When a potentially dangerous threat to the institution community arises, timely reports or warnings will be issued through the postings, in-class announcements, or other appropriate means.

C. Security Personnel

Local police have the authority to enforce all applicable regulations and laws. The School Director works closely with the local and state police on incidents occurring on campus. Reports of violations of laws and regulations should be made promptly to the School Director or Director of Education or management personnel on duty, to ensure that the appropriate action is taken.

Leon's Beauty School does not employ security personnel to patrol regularly the buildings and parking areas of the campuses, identifying any unusual activity. The local police department monitors the area. Where feasible, students should use the buddy system when going to parking areas.

D. Security of Facilities

Leons's Beauty School, although a private facility, maintains an open campus environment to allow freedom of movement for members of the community. The buildings are unlocked during class hours and at extended times, so that students may utilize the available facilities.

Leon's Beauty School's facilities, such as classrooms and student lounges, have the primary purpose of supporting the educational programs of the institution. They are available for use by current students and employees of Leon's Beauty School. All students are required to obtain student identification cards and must be prepared to produce such identification upon request.

Visitors to Leon's Beauty School are asked to check in at the front desk upon entering the building and wait for an assigned student, faculty or staff member to lead them to the appropriate areas. The Leon's Beauty School campus is equipped with electronic, centrally monitored security systems, including fire/panic alarms. Leon's Beauty School uses video surveillance to monitor activities on campus. Video surveillance cameras are placed in public areas.

E. Campus Security and Crime Prevention Programs

An overview of campus security policies is provided online on the school website. From time to time, Leon's Beauty School will provide security information postal mail or flyerson campus regarding security alerts and events. Management may also organize crime prevention events consistent with campus security needs, such as information and Title IX-related sessions with local police.

F. Emergency Management Plan

The purpose of Leon's Beauty School's Emergency Management Plan is to safeguard the welfare of its students, faculty, staff, and visitors, and take steps to 1) prevent and mitigate; 2) prepare for; 3) respond to; and 4) recover from emergencies in order to protect the institution's essential functions during and after an emergency.

In the event of a significant emergency or dangerous situation involving an immediate threat to the health or safety of students or employees occurring on campus, the institution will, without delay, and considering the safety of the community:

- 1) Confirm the existence of a significant emergency or dangerous situation.
- 2) Determine the appropriate facilities to send/receive an emergency notification.
- 3) Determine the content of the notification and initiate the notification system, unless the notification will, in the professional judgment of the Crisis Management Team or a member thereof, compromise efforts to assist a victim or to contain, respond to, or otherwise mitigate the emergency.
- 4) After the initial notification, the institution will provide adequate follow-up information to students, faculty and staff as determined appropriate by the institution's Crisis Management Team. The Emergency Management Plan addresses the following categories of emergencies: medical, weather, evacuation, fire, power outage, workplace violence, suspicious persons and packages, lockdown, gas leak etc.

This policy and the Emergency Management Plan applies at all times and campus areas of Leon's Beauty School. It is Leon's Beauty School policy that each staff member is responsible for the health and safety performance in their respective area and that all employees will follow the institution's emergency notification procedures.

Emergency Notification Procedures

Leon's Beauty School has designated a Crisis Management Team that will serve as the responsible authority for institutional emergency response activities: the School Director, Director of Education, Campus Safety Officer, Title IX Coordinator, faculty representative, staff representative, compliance representative.

Director of Education

In the event of an emergency or dangerous situation at Leon's Beauty School, any employee who is aware of the emergency should call 9-1-1 and alert the Director of Education. The Director of Education will alert the School Director.

The School Director will determine, which facilities should receive a notification and whether a notification should be sent to the campus and/or corporate office. The School Director will, without delay, and considering the safety of the institution community, determine the content of the notification, and initiate the notification system, unless issuing a notification will, in the professional judgment of responsible authorities, compromise effort to assist a victim or to contain, respond to, or otherwise mitigate the emergency. If it is determined that an emergency notification should be sent, the School Director will send the notification and/or contact the proper facilities.

After notification of an emergency or dangerous situation, the School Director will monitor events and circumstances and determine appropriate follow-up information that should be disseminated to the campus, such as all-clear notices and updates about continuing steps taken to respond to the emergency, including class cancellations. The School Director shall also notify local authorities, as appropriate.

Emergency Notification and Evacuation Testing

The institution will annually publicize its emergency response and evacuation procedures in conjunction with annual tests of the emergency notification and evacuation plans. The emergency notification system will be tested at least annually. These tests may include regularly scheduled drills, exercises, and appropriate follow-through activities, designed for assessment and evaluation of emergency plans and capabilities.

Each calendar year, the School Director will test the notification system, evaluate the outcome, and report to Advisory Council, and determine if any revisions to existing procedures are necessary. Tests may be announced or unannounced and will be documented by the School Director, Director of Education or Campus Safety Officer. Documentation will include a description of the test, the date and time, and whether it was announced or unannounced.

Timely Warning Notifications

In addition to Emergency Notification similar notices (both in content and process) will also be issued, in a timely manner that will aid in the prevention of similar crimes, of any Clery Act crimes that are reported to campus security authorities or local police agencies if the School Director determines that the incident represents a threat to students and employees.

G. Monitoring of Off-Campus Location

Leon's Beauty School does not have off-campus housing facilities, off-campus student organization facilities or any other off-campus facilities and therefore does not monitor reports of criminal activity at off-campus locations. Leon's Beauty School does, however, coordinate with local police departments to monitor crime in the neighborhoods immediately surrounding the campus and Coliseum

area.

H. Safety Tips

Here are some tips and practices for personal safety and loss prevention:

- Protect your possessions; keep book bags and purses with you at all times or locked in a secure place.
- When working late at the school, ask fellow students or faculty members to walk with you to your car.
- Walk with other people whenever possible; avoid isolated areas, wooded areas, and poorly lit or deserted areas of parking lot and street.
- Walk with confidence—show you are alert and in control. Be aware of your surroundings.
- If you think someone is following you, abruptly switch directions and/or go back in the school.
- If you're still being followed, go to a public place and ask for help.
- Have your car or house keys available before you reach your door.
- Don't flash large amounts of cash or other valuable objects.
- I.D. tags with your name, address, or license number on your key chains should be avoided; if lost, they could lead to theft.
- Keep car doors and windows locked.
- If your purse or wallet is being stolen, don't fight for it. Rather than risk personal injury, release it and report the incident to a faculty member or the Director of Education.
- Immediately a faculty member or the Director of Education to report any criminal incidents or suspicious persons.

II. Campus Security Policies

A. Alcohol and Drug Policies

1. Drug-Free Policy

Leon's Beauty School is seriously concerned about substance abuse and is aware that being "drug-free" is crucial for students if they are to succeed in both their professional and personal lives.

Under the requirements of the Drug-Free School and Communities Act Amendment of 1989, Public Law 101-226, Leon's Beauty School's policy states that staff and students are prohibited from the unlawful manufacture, distribution, possession or use of illicit drugs or alcohol. Students or employee whom violate this policy will be subject to disciplinary action up to and including expulsion or termination from employment.

Due to federal drug laws, students could lose eligibility for financial aid, could be denied other federal benefits, such as Social Security, retirements, welfare, health disability, and veteran's benefits. The Department of Housing and Urban Development, which provides fund to states and communities for public housing, now has the authority to evict residents and members of their households who are involved in drug-related crimes on or near public housing premises. Businesses could lose federal contracts if the company does not promote a drug-free environment. Finally, a record of a felony or conviction in a drug-related crime may prevent a person from obtaining a cosmetology or esthetics license in the State of North Carolina.

Here are a few facts which all should be aware of:

- It is a crime to hold someone else's illegal substance.
- It is a crime to sell illegal substances or legal substances without proper

authority

- You can be arrested if you are in a house (or school) where people are using drugs, even though you are not.
- You can be charged with possession of illegal substance even if it is not on your person. You are considered to possess, under legal terms of “constructive possession” illegal substance that is in your locker, purse, car, or house.

Leon’s Beauty Schools supports all federal, state and local ordinances pertaining to alcohol and drugs and will fully cooperate with law enforcement authorities to protect the students, staff and faculty of the institution from the illegal possession, purchase, sale, and manufacture of controlled substances and alcohol. All students, faculty and staff should be familiar with the Drug Free Campus Policy and abide by it. In addition, all faculty, staff and student employees must be in compliance with the Leon’s Beauty School Drug Free Workplace Policy.

Behavior that disrupts the educational environment, causes public inconvenience, annoyance or alarm, or recklessly creates a risk to people and/or property even though motivated by drugs is a violation of law and institution policy.

a. Health Risks

As part of the effort to create a drug-free campus, Leon’s Beauty School believes that the all staff and students should be educated about the physical and emotional health hazards the misuse of drugs and alcohol presents. Leon’s Beauty School provides the following information. Listed below are some of the health risks associated with using/abusing alcohol and various drugs. For additional information on alcohol- and drug-related health risks please visit www.factsontap.org, www.drugfreeamerica.org and www.whitehousedrugpolicy.gov.

(Please note that the dangers associated with substance abuse are not limited to only the conditions listed below.)

Substance	Known Health Risks

Marihuana/Hashish	Impaired memory perception, interference with psychological maturation, possible damage to lungs and heart, psychological dependence.
Cocaine	Intense psychological dependence, sleeplessness and anxiety, nasal passage damage, lung damage, and death from overdose.
Stimulants	Loss of appetite, hallucinations, paranoia, convulsions, brain damage, cancers of the lung, throat, mouth, death from overdose.

b. Alcohol Policy

The possession, consumption, or sale of alcohol on campus or at institutions sponsored activities is prohibited, unless specifically sanctioned by the institution and allowed by state and local alcoholic beverage regulations. The use of alcoholic beverages in the following instances must be approved by the President or his or

her designee: (1) on campus and at functions sponsored by, or primarily for, students; and (2) at off-campus student functions sponsored by recognized student organizations.

Non-alcoholic beverages and food items must be available at the same place as the alcoholic beverages and readily accessible as long as alcoholic beverages are available. Advertisement for social functions may not describe the availability of alcohol as a promotional tool nor promote consumption of alcohol by minors.

All persons must have proof of age at any activity involving the consumption of alcoholic beverages. If alcoholic beverages are served, the sponsoring organization must implement precautionary measures to ensure that alcoholic beverages are not accessible or served to persons under the legal drinking age or to persons who appear to be intoxicated.

Individuals involved in the illegal use or distribution of alcohol are subject to arrest and institutional disciplinary action.

c. Drugs

Leon's Beauty School prohibits the possession, use, or distribution of illegal drugs on institution property. Possession, sale, use, or distribution of controlled substances, including marijuana, is a violation of federal and state laws and institution policy. Students and employees who violate state or federal drug laws will be referred by Leon's Beauty School to the appropriate authorities for criminal prosecution, and, if convicted, may be subject to suspension, termination, or expulsion from the institution.

2. Legal Sanctions for Unlawful Possession of Alcohol and Drugs

In addition to violating institution policy, unlawful possession of alcohol and drugs may violate federal and state laws. Students and employees entering institution property under the influence of alcohol or drugs will be referred to treatment and/or reported to local authorities. All other persons will be reported to local authorities immediately. The following summary provides information on some of the potential legal penalties for drug and alcohol violations:

a. Alcohol Violations

The legal drinking age in the United States is 21 in all 50 states and the District of Columbia.

Legal drinking age is 18 in the U.S. Virgin Islands, Puerto Rico and Guam. Persons possessing or consuming alcohol under the legal drinking age may face fines or jail time. Many states impose severe penalties for persons using false identification to purchase or consume alcohol.

Driving while under the influence of alcohol is a serious offense. In addition to restrictions on blood alcohol content for drivers above the legal drinking age, many states also have strict "zero tolerance" laws prohibiting driving under the influence of any amount of alcohol if the driver is under the age of 21.

Specific information on legal penalties for alcohol violations in the states can be located at the following websites:

National

National Traffic Highway Safety Commission: "Stop Impaired Driving"

b. Drug Violations

Possession of any controlled substance, including drugs such as marijuana, cocaine, LSD and ecstasy, as well as unauthorized prescription medications, drug paraphernalia and materials used to manufacture or distribute illegal drugs, can result in serious penalties under federal and state laws, including imprisonment and large fines. Penalties increase sharply if the conviction involves possession, distribution or manufacture of controlled substances while on the grounds of a school or college.

In addition, students convicted of possessing or selling illegal drugs (not including alcohol and tobacco) may be ineligible to participate in federal student loan programs offered by the U.S. Department of Education. Additional information on penalties for violating controlled substance laws can be found at the website for the Drug Enforcement Administration, located at the following link: <http://www.justice.gov/dea/pubs/abuse/1-csa.htm#Penalties>

B. Dating Violence, Domestic Violence, Sexual Assault, and Stalking

Programs in dating violence, domestic violence, sexual assault, and stalking are offered periodically as part of campus crime prevention programs. Any person who is a victim of dating violence, domestic violence, sexual assault, and stalking should report the incident immediately to appropriate law enforcement authorities, or to the School Director, or Title IX Coordinator who will assist in notifying these authorities if requested.

The institution will provide notification to students and employees about exiting counseling, health,

mental health, victim advocacy, legal assistance, visa and immigration assistance, student financial aid, and other services available for victims, both within the institution and the community.

The institution will provide information to victims concerning options for academics and community options for living, transportation, and working situations or protective measures. The institution will make such accommodations if the victim requests them and they are reasonably available regardless of whether he or she chooses to report the crime to local police or local law enforcement.

When a student or employee reports to the school that she has been a victim of dating violence, domestic violence, sexual assault, or stalking, the school will provide her/him an explanation of his/her rights and options.

Preserving evidence for proof of a criminal offense is an important consideration for victims of sexual offenses and victims should contact police immediately after the attack. Referral information is available for general counseling and medical attention. Responsiveness to the needs of crime victims is an institution priority. Sexual assault is a crime punishable by both civil and criminal legal action.

Leon's Beauty School will provide alternatives for a victim's academic situation after an alleged sex offense, if requested by the victim and if alternatives are reasonably available. Leon's Beauty School encourages victims to prosecute alleged perpetrators. Leon's also encourages victims to pursue the full realization of their own healing through counseling, mental health and other support services available for victims.

Protective measures such as "no-contact" orders, restraining orders, or similar lawful orders issued by a criminal, civil, or tribal court of by the institution, increased monitoring and supervision, arranging for the complainant to have extra time to complete or retake a class or withdraw from a class without academic penalty and ensuring that the complainant and perpetrator do not share classes may be taken. The institution will keep confidential any protective measures for the victim, as long as that confidentiality would not impair the institution ability to provide those measures.

Title IX

It is under Title IX that institutions must have a designated employee of whom serves as coordinator to comply and carry out the institutions responsibilities under Title IX.

The Leon's Beauty School Title IX Coordinator is Tracy Smith.

Title IX was put in place in 1972, and prohibits discrimination of any kind regarding education. Students and employees are protected from all sexual discrimination, for the school has policies and procedures in place to investigate any misconduct, and determine any repercussions.

Title IX covers, and is probable to start investigation, in which discrimination has occurred on school campus, at off-campus events sponsored by Leon's Beauty School, or off campus, but has the potential to effect one or more Leon's Beauty School students or faculty.

Title IX prohibits any sex-based discrimination. Such discrimination can include the following: Sexual harassment, sexual violence, or gender-based harassment.
